

Facilitator: La Porsha Shelly

These groups are for the purpose of *encouragement, accountability & longevity with our spiritual growth.*

These groups are made up of ***current students and online students. Alumni have the option to join in as well.***

What does a zoom family group look like?

Zoom Family Groups meet every 2nd and 4th Tuesday for approx. 45 minutes. *All in-person students, have the flexibility to choose which week you would like to join.* Your decision may be based on your schedule and availability. If you are interested in participating in both weeks, that is perfectly fine as well.

If you are an online student you will be required to attend both Zoom Groups.

These groups will begin with discussing the current class, answering any questions you may have or talking about what the Holy Spirit has been speaking to you about what you are learning. It will also be a place to pray and or prophesy/encourage each other if time allows.

These are meant to be quick check-ins. As you get to know one another and grow together, these groups become so much more. It becomes a family. ***A family that will celebrate you, encourage you, pray for you, pour into you and hold you accountable. You have something unique to impart into others, and others have something unique to impart into you.*** Part of growth is allowing others to love you enough to keep you accountable with your quiet time or spiritual growth in general. I am so thankful for those who come alongside me and challenge me to dig in deeper, and the best part is we get to do the same for the others in the group.

Confidentiality. It is crucial for the well-being, unity, trust, and safety of the family group to maintain confidentiality regarding personal matters discussed within the group. These family circles must serve as a secure haven. Being part of a family entails remaining faithful, acting with honesty, and safeguarding others by respecting their privacy.

La Porsha Shelly will send you an e-mail with the reoccurring link for you to save into your phone calendar.
